Toolbox Talk January 23, 2023 Reporting Injuries & Incidents

This toolbox talk is very simple and easy to understand. If you or a co-worker are injured at work, it is important to report it as soon as possible – even if the injury is minor. Please notify **the Safety Department, Foreman, Crew Leader or Supervisor ASAP**. The quicker you get care, the better off everyone is. Do not wait to call. Reporting an injury or accident late, takes more time and effort from everybody. It is important you get first aid or medical attention immediately to prevent a minor injury from becoming infected or otherwise getting worse. The Emergency Room is for just that, emergencies, not First Aid. The Safety Dept. and others are here to help **24/7**.

Reminder: 2023 HR/SAFETY MEETINGS
Embassy Suites 213 International Circle, Hunt Valley, MD 21030
Thursday, Feb 16, 2023 / Thursday Mar 2, 2023 / Thursday Mar 9 2023
